A lifetime ago, Alex Greenway grew up in a brothel. He graduated into petty theft and debt collection. But the army gave him his way out. Now, he's a legitimate—albeit ruthless—billionaire. He wears designer suits. His office has harbor views. He owns an island. When he discovers a pretty, naked hooker in his bed, he wants to get her off his island. But Mia has a sweet seduction style that's as sexy as hell. She seems different to the girls he'd known all those years ago. Max is furious with himself for even considering a return to his old days. If he succumbs to temptation, then little Mia will be in for a wild and rough ride.
