NB - This title was previously published with All Romance. The book remains the same with brand new cover art. Stanford Creek is a series of individual stories and this book can be read as a standalone. First comes trust, then love... then the fight to stay alive. Pop star Tyler Hart is desperate for peace after a humiliating public scandal. It seems like Stanford Creek may well be the place to lay low. After all, it worked for his friends and former bandmates, Cody and Danny. He borrows a cabin and settles in for a quiet Christmas...well, not quite. Garrett Campbell is on the run. Wounded in the line of duty, he escapes to the only place he feels safe, Stanford Creek and his brother's cabin. Only he doesn't realize he'll have a roommate, and a sexy one at that. Amid snow falls and winter winds, passion burns bright. When danger threatens to follow Garrett, he has to decide whether to run again before his secrets could kill him and the man of his dreams. Word Count: 47,238
