After two female pilots crash land on an unknown planet in the middle of a wilderness, they must gather supplies and wait out for the inevitable rescue vessel. However, they aren't exactly alone in this foreign world, and they soon meet another species with primal intentions. The alien apes of this planet are determined to use the two girls as a means to repopulate their dwindled race. Word Count: 8,400 This erotic short story features adult content, including two women being impregnated by alien creatures, public sex, and light bondage. For mature audiences only. All characters over 18.
