I spread my legs for him and smiled. Then, to my great surprise, Hank stepped back and his expression dropped. “What? What is it?” I asked. He was staring down at me in a frozen state of shock. --- A series of strange dreams aboard an alien spacecraft are beginning to freak Sarah out. To make matters worse, Sarah's husband, Hank is becoming distant. For some reason, he never wants to have sex and he's spending more time at work. Desperate to bring things back to how they once were, Sarah accidentally discovers something about her husband. What she doesn't know is what the dreams and her husband's secret have in common. That's about to change. All the characters in this eBook are over the age of 21.
