A secret organization is trying to steal nuclear warheads from America. Only Dr. Scott James can stop them. But how to break their codes? Every communication is a cipher and every cipher is a riddle. The CIA and NSA are power to stop the plot. As the day of reckoning draws near, Dr. Scott James and his team need a breakthrough. Their break comes in the most unlikely of places, and it leads the good doctor on his most dangerous adventure yet. Praise for The Missile Game, Book #1 of the Dr. Scott James series "Could be developed into an entire season of 24. It's that fast, it's that engrossing." Men Reading Books Praise for The Zombie Game, Book #2 "Twists, turns, and tons of action." Ben Lieberman, author of The Carnage Account Praise for The Ebola Game, Book #3 "A wild ride that just keeps coming at you." John Haskett, author of The Lost Raft
