Lex is the girl of Cruiser's dreams. But his twin brother got to her first. I've got a million voices telling me why I shouldn't kiss her. She's Rey's girl and off limits. He's been good to her. I know he will continue to be good to her. Look out for her, protect her. Lex's been good to him, too. Only a jerk would try to break them up, and I'm no jerk. But dammit, I want her.
