Caught between hunger and love, Sarah Mayhew searches for control. The darkness within her rages and brings her ever closer to oblivion. The demon No Name offers a solution, but it comes at a terrible price. With the help of the demon and her sometimes-boyfriend, sometimes-sex slave Alec, Sarah travels to the shadowy world of Erebus, to the Palace of Sighs, where the Succubus Queen awaits. The Succubus Academy offers Sarah the only chance she has to master her powers and to contain her desire, but is she already too far gone for help? Succubus Academy is the third book in the five-part Reluctant Succubus series. It is approximately 30,000 words and intended for adults. The books contains frequent, graphic, creative, mind-blowing sex scenes. Some of which involve bdsm themes, magic, mind control, and orgies.
