Open Waters... At once beautiful and dangerous, a sun-dappled ever-shifting landscape, rest, emotion , impenetrable, capricious and heart. Open Waters... Across which the voyager will sail to wars without end and to the hiding places of the desperate survivors of alien invasion, will follow in the footsteps of lonely, far-from-home explorers and colonists, journey back to Creation itself then burrow into the darker recesses of the human psyche. Open Waters... Sixteen tales of terrible beauty from the imagination of David Gullen
