"Planning High School Courses" - Experienced hikers know to never begin a demanding journey without a good map and a strong plan. For homeschooling parents, it's even more important to establish a solid plan toward high school graduation. In this easy-reading guidebook, you will learn the high school courses that are essential to preparing your student for homeschool graduation, college and career. This book focuses on the traditional high school courses that are part of nearly every college bound homeschool student's transcript. We will cover "delight directed learning" and other non-traditional courses in an upcoming Coffee Break Book. This is the first ebook in Lee Binz's "Coffee Break Books" series. Designed especially for parents who don't want to spend hours and hours reading a 400-page book on homeschooling high school, this series combines Lee's practical and friendly approach with detailed, but easy-to-digest information, perfect to read over a cup of coffee at your favorite coffee shop! Never overwhelming, always accessible and manageable, each Kindle book in this series will give parents the tools they need to tackle the tasks of homeschooling high school, one warm sip at a time. Lee Binz, The HomeScholar, understands what it takes to graduate homeschool students who are fully prepared for college and for life. Lee's practical advice and organized presentations have helped thousands of homeschool parents muster the courage to complete their homeschooling journey. She is both reassuring and empowering, and will give you the knowledge you need to successfully graduate your high

school student and have confidence that they are ready to take on the world. A firm believer that homeschooling provides the best possible learning environment, and that parents are capable of providing a superior education for their children, Lee's mission is to encourage and equip parents to homeschool through high school.
