Nurse Hannah has been hired as a “patient” at a private medical bdsm club – which caters to medical fetishists. She’s already been given an extremely thorough exam by the mysterious and remote Dr. Walsh, who is her secret obsession – and now he’s going to guide her through her first exam by a client. Will she be able to withstand the harsh, invasive probing by a perfect stranger? How will Dr. Walsh react to watching her submit to another man? And what dark secret is Dr. Walsh hiding – a secret that could put Hannah's life in danger, and spell disaster not just for their budding relationship, but for the entire club?
