Avery Hawthorne is down on her luck. As the threat of eviction looms over her head, the small town waitress needs to find a new job. Fast. When an advertisement for a temporary marital arrangement offers more money than she could ever hope to have, Avery decides that the one-year commitment might just be worth it. That is, until she finds out the full terms of the agreement. Can she agree to travel to a strange planet for the sole purpose of providing the prince with an heir? Or will the idea of settling for a love marriage, even if only temporary, make the fortune she would receive as payment not worth it? Will Errion, her groom-to-be, hold her to the surrogacy demands of the contract? Or, will he put his bloodline, and future, on the line to protect Avery from the consequences of backing out. Adults Only!
