Greenwich Village is home to successful artist Jimmy Donnelly, and the world is his playground. A broken heart in college left him with zero interest in being tied down. But when he meets a sexy, quick-witted Manhattan attorney, he reconsiders his bad boy ways. Sonja Martin's life is filled with work, an ex-husband who refuses to stay gone, and a teenage daughter who won't follow the rules. Jimmy, with his myriad of tattoos and piercings, looks more like one of her clients than a potential lover. But when every argument between them feels more like foreplay, she can't seem to stay out of his bed. Each book in The Donnellys series is a standalone story that can be enjoyed in any order. Series order: Book #1: Unworthy Heart Book#2: Defensive Heart Book #3: Shattered Heart
