Once upon a time, author Simone Scarlet was "Little Kitty Slave" - a bitchy, bossy career woman desperate to find a way to get close to her husband. In the end, she adopted the submissive persona of "Little Kitty Slave" - and this is her diary. From wearing a collar and submitting to her husband's perversity, to struggling with the concept of submission, and running roughshod with a horny salesman, Kitty walked a fine line between bossy bitch and obedient slave and every moment is captured here.
