A collection of short stories set in the Central Coast of California. Sweet romance, historical romance, contemporary romance, coming-of-age and some surprises. "The Torch Singer" is about a blues singer who discovers that angels wear woolen mufflers. "Last Waltz" is a bittersweet friendship between a young nurses aide and an old cowboy. "Nymph Child" is a fanatasy coming-of-age story about a girl and her little brother who are rescued in a dark forest by a simple-minded man with a pure heart and a tragic secret. "Case of the Meddling Mailman" is a humorous story about two wannabe mystery writers, a mailman and an old woman on his route whose plots thicken with each encounter. Most of these stories have been published in magazines. Many have earned writing awards. Each will stick in the reader's head (and heart) long after the last page is read.
