This is a book of three unrelated short stories plus a bonus story. 1. IT'S THERE FOR THE TAKING! Christmas 1963, a US Army payroll was robbed in Garmisch, Germany. The \$2 million in cash was never recovered. Some say this is not fiction but a true story. Some say they know the perpetrators. 2. LOPEZ Lopez was a pitcher with the New York Mets who had to prove to himself and to the fans that he was worthy. When is the next step one too many? A story of courage for every reader. 3. SINNER SID Sydney (Sinner Sid) Moffit was an evangelist with a difference. As a 'sin consultant' he advised on which decadent activity to choose. People either loved him or absolutely despised him. Sid was also a sex addict. Including free bonus story: MORRIS MORRIS Morris Morris is a man who believed the exciting life he had once had enjoyed, was ending. A chance meeting with Sheila, an ensuing romance, a friend's death, and an unusual business idea, transforms Morris Morris. Getting to know Morris Morris may save you a bundle of money!
