In Kam McKellar's 5th sexy contemporary Scottish romance, divorced single mother, Abbie, heads to Balmorie Estate for a nine week stay to catch up with friends, enjoy the peace and quiet, and hopefully get a little work done. But a Highlander with a bad boy reputation seems bound and determined to change her plans, and her mind. The more time Liam MacLaren spends with the quiet writer-in-residence, the more he wants to put his player days behind him. That is, if he can convince Abbie to take a risk and give love a second chance... ONCE UPON A TIME IN SCOTLAND is the 5th in the author's MacLarens of Balmorie series of humorous, fast-paced, contemporary Highland romances. The full series: 1. Mad About Plaid 2. A Scot Like You 3. The Trouble with Kilts 4. Any Scot of Mine 5. Once upon a Time in Scotland
