It has been nearly 6 months since young Jamie Diggs returned from the Land of Oz with his best friend Buddy after defeating an ancient Evil while serving as Princess Ozma's new Royal Magician. Now, he is called to return once more and take his rightful place alongside Her Majesty; Princess Ozma and Glinda; Good Witch and Ruler of the South Quadling Country, as well as Princess Dorothy. Before the Royal Magician can return to Oz however, he finds himself on a fantastic journey down the Wabash River and a stop in Huntington, West Virginia for a taste of the legendary Stewart's Original Hot Dogs and Root Beer. Then it's on to attend the annual gathering of their fellow magicians, known as the Magi-Fest and a tumultuous Close-Up Magic Competition. Soon, the Family Diggs, Hank and Buddy find themselves transported back to Oz by way of The Duke's Magic Box. The only problem they find is that each one of them now find themselves somewhere in Oz... but alone! As the Family Diggs, Hank and Buddy journey along the roadways, riverways and even above the Land of Oz alone, each one struggles to discover what Love and family means to them and each learns along the way that Love and family have been with them all along. Aided by Her Majesty, the Queen of the Field Mice and Jamie's wayward, living decks of playing cards, as well as Buddy and the Cowardly Lion, the Royal Magician of Oz soon teaches Princess Ozma the true meaning of family and Love. In a final and most fantastical battle alongside the Munchkin River, Jamie Diggs and his new army of friends battle Cobbler the Dog, a new and most mechanical pet of Tik-Tok, the Mechanical Army of Oz and an Unwilling Villain in an epic struggle of Good against Evil.
