An alternate cover for this ASIN can be found [here](#). His world shifted the moment she was born. Now, nothing can stop him from making her his. Imagine meeting a man who looks like an angel, wings and all? What would you do if this man told you he existed with only one purpose – to claim you and only you? Destiny Carter is a feisty, take charge, Rubinesque beauty with a tough façade, who finds herself in that age old quandary, “always a bridesmaid, never a bride.” A string of lackluster relationships leave her hope and ready to settle...Until she meets Japheth, the man her fiancé claims is his best friend! Japheth’s arrival is heralded by an attack on Destiny’s life, and instinctively, she knows this is just the beginning. Born more than 200 years ago, Japheth looks like an angel but he’s far from it. In his world, the ratio of men to women is 500 to 1, and although he’s a superior being, he’s willing to break the most sacred law of his brothers, even drink human blood, to have one meant for him alone. When he meets Destiny, he knows she’s the one he’s been searching for. To claim her, he will have to betray a friend, risk his life, and hardest of all, humble himself enough to win her love.
