The Art and History of Egypt is a rich resource of photographs of ancient Egypt's remaining structures and its art and artifacts. The text gives the reader an understanding of ancient Egypt's social, political and spiritual organization. Sacred texts, hieroglyphs, and the daily life of the people are explained, described and illustrated with drawings, charts, diagrams of interiors, maps of ancient sites, a time line of Egyptian history, an illustrated foldout map of the Nile, and throughout, many photographs.
