In this delightful tale of adventure and fantasy, Florence and Ben embark on a quest to reverse the professor's curse. A huge painting depicting an autumn forest is retrieved from the museum cellar. What secrets does it hold; and who are The Spirits of Chance; and where did Gem the sprog, spring from? Florence and Ben are staying at their grandparent's house during the summer holidays and this is where their adventure begins. But can Florence and Ben convince them that something strange is happening, for time is of the essence, in this world and another.
